### Central development site

Ideally located in a popular Horsham West location this versatile development site is the ideal location for a centrally located investment property or a conveniently located retirement home. Only a stone's throw from the Westside Tabaret and within a comfortable walking distance of the Target complex this 369m<sup>2</sup> allotment boasts the availability of all services including water, sewer, gas and electricity and is fully fenced ready for construction. With centrally located development sites in high demand do not delay your enquiry on this scarce development opportunity.

**\$75,000**
